## REVISED ORDINANCES ARE TO BE PUBLISHED

Now in Hands of Printer, and Will Soon Be Completed.

Special to The Tribune.

OGDEN, March 20.—The revised ordinance of Ogden City, which contain over 1000 ordinances made up to date by amendments offered by the city council and city attorney, and made to conform with state statutes passed since the old ordinances were adopted, are now in the hands of a local printer and will be bound and ready for delivery by April 11, according to an announcement made today.

Immediately upon their publication in book form, the new ordinances will become effective.

The new code of laws contains many new ordinances which have been passed since the present administration took charge of city affairs. Chief among these is the liquor ordinance, which has been amended in the most important ways. Through the efforts of the Ogden Betterment league, a midnight closing regulation will be imposed, and provided for in the ordinance. The saloons of Ogden are now allowed to do business until 1 o'clock a. m.

The Betterment league stood out for a 7 o'clock closing regulation, but the council would not agree to this. In a number of other ways the new ordinance provides for a more stringent regulation of the liquor traffic in Ogden. The ban is placed on saloons, beer gardens, and other places where liquor is sold except across the bar, which must be in plain view from the street. A saloon with a bar running conjointly must close its doors on Sunday, and the mere drawing of curtains about the saloon part of the establishment will not conform with the requirements of the ordinance.

Another ordinance which will be enforced by the city officials declares, will be that which regulates the sale of milk in Ogden City and provides for proper sanitation in dairies, slaughter houses, butcher shops and other places where food for consumption is prepared.

## Sacred Heart Notes

Special to The Tribune.

OGDEN, March 20.—St. Patrick's day is always celebrated at Sacred Heart academy with the spirit of faith that the anniversary suggests, but to this element of joy is added another heart tone, that of deep gratitude and sincere love, for it marks the birthday of one who has ever been the friend of every pupil who calls the academy alma mater—Rev. P. M. Cushman. The celebration was intended to honor Father Cushman might be known by the numbers who crowded the assembly hall last Wednesday evening, as well as by the excellent program, which bore on its cover a tribute to the distinguished guest. The verse was an effort of Miss Krantz of the class of 1910:

A sun-kissed shamrock, father dear,  
Like lovely emeralds, memory's dear,  
With hearts entwined, we bring to thee,  
O may it breathe of Erin's sea  
And blossom for eternity!

There were many surprises for those who attended. When the first orchestral number had been rendered, Miss Frances Guerin delivered the greeting, which was a sympathetic poem conveying the sentiments of the school. It was read in exquisite English. At its conclusion, footlights and border lights, for the first time, illuminated the stage of the academy, and the curtain rose upon an ideal sitting-room in a comfortable home. The four-act drama, entitled "The House on the Avenue," presented with an artistic perfection rarely found in such entertainments. Miss Krantz, who enacted the role of the vain, intriguing mother, was superb. She was superbly approached in her fine portrayal by Miss Jackson, who was indeed her mother's daughter. Miss Krantz was superbly approached in her fine portrayal by Miss Jackson, who was indeed her mother's daughter. Miss Krantz was superbly approached in her fine portrayal by Miss Jackson, who was indeed her mother's daughter.

St. Joseph's school was the scene of another heart drama last Wednesday afternoon, when the pupils rendered a well-rehearsed and selected program in honor of Father Cushman. Every number, vocal, instrumental, and literary, was carefully rehearsed and the excellent result of such an effort is sure to bring the religious celebration of the feast last Thursday morning consisted of mass at 9 o'clock in St. Joseph's church and an eloquent tribute from Father Cushman to the dear saint who brought the light of faith to Erin.

## OGDEN AND WEBER RIVERS NOW RISING

Special to The Tribune.

OGDEN, March 20.—Both the Ogden and Weber rivers are rising rapidly, owing to the recent warm weather which has caused the snow covering the mountains east of Ogden to melt rapidly. The mountains have been covered with snow since last November and there still remains enough to cause the streams in and surrounding Ogden to overflow and flood the surrounding lands should the warm weather of the past few days continue.

The Ogden river at the mouth of the canyon is about four feet from the overflow mark, having risen two feet since yesterday at noon.

Chairman J. J. Barker of the street committee says that the city's property is well protected and that no serious results would follow if both streams overflowed their banks.

Special to The Tribune.

OGDEN, March 20.—Principal A. O. Cross of the Ogden high school read a special editorial in the Commercial Tribune tonight, in which he strongly advocated vocational training in high schools. He suggested the teaching of the best industry, railroading, and canning industry. These are the chief industries of Weber county.

## EPHRAIM WATERWORKS COST IS REASONABLE

Special to The Tribune.

EPHRAIM, March 20.—The council of this city, assisted by the special committee from the recent mass meeting, had a public hearing on the water works plan for this city. The cost of carrying the water from the Big Spring to the present site of the powerhouse will be \$25,000. But it is planned to move the powerhouse up the canyon about one mile, near what is known as Major's flat. This is done by the necessary wood pipe will be \$3800; pressure pipe, \$4870; laying pipe, \$1000; moving powerhouse, \$500; new wheel, \$500; constructing flume, \$1000; total, \$10,000.

The engineer's estimate of the cost of carrying water from the Big Spring and distributing it throughout Ephraim was \$20,000. The new plan will mean a saving of the cost of constructing two miles of pipe line, or \$10,000; it also makes it possible to substitute wood pipe for the cast iron pressure pipe from the powerhouse to the reservoir, four miles, saving \$10,000.

It is proposed to secure this amount by bonding for \$10,000; levying a 1 percent tax, which will bring in \$4000; purchasing one-half the pipe on time, which will mean a saving for the present of \$10,000.

In order to induce the citizens to subscribe to the balance of the cost, the city will encourage the city to pay the indebtedness as soon as possible, the city is to pay interest at the rate of 8 percent on the loans.

## BEET-PLANTING SHORT; PLANTING IN ACTIVITY

Special to The Tribune.

MONROE, March 20.—Spring planting is on in full force now in the Monroe fields. The acreage of Monroe farmers subscribed to raise beets for the Lemhi flake is about 1000 acres short of what was last year.

## SUPERINTENDENT GOWANS HAVING PLEASANT TRIP

Special to The Tribune.

OGDEN, March 20.—During the absence of Superintendent E. J. Gowans of the state industrial school, who is spending several weeks in California, Chief Clerk E. J. Milne is directing the affairs of the institution. Superintendent Gowans has written Mr. Milne that he is availing himself of the opportunity to visit some of the reformatories in the west during his absence. With Mrs. Gowans, the superintendent of the Utah school will visit through the lone institution at Sacramento, Cal., last week.

The school is getting ready for the planting season. J. C. Hogenon of the Agriculture department at the State Agricultural college, Logan, Utah, visited the school tomorrow and after looking over the land used for agricultural purposes held and gave suggestions regarding the best methods to be used in the planting of crops this season.

## Injured by Air Rifle.

Special to The Tribune.

OGDEN, March 20.—The reckless firing of air rifles by two youngsters in the neighborhood of East Twenty-third street caused a serious injury to Miss Fannie Howell near her home yesterday. Miss Howell was walking along the sidewalk when one of the boys, who was wearing eye-glasses, shot her in the eye. Particles of the flying glass cut several painful gashes on her forehead and cheek. Had it not been for the protection afforded by the glasses, Miss Howell probably would have suffered the loss of an eye.
